STUDENT'S FEEDBACK REPORT (2022-2023)

1. Nearly 80% of the students agree that the infrastructure facilities such as classrooms, Library and Labs equipped with required software and hardware is available for smooth academic progress.
2. More than 90% of the students have agreed that the curriculum contributes towards projects and research.
3. Approximately 91% students have said that the curriculum is designed to enhance employability.
4. Nearly 80% students have opined that the depth of knowledge and intellectual enrichment acquired through the course content is more than adequate.
5. About 80% students agree that the college organizes various activities for overall development of the students.
6. Almost 90% of the students have positive approach towards the inter and intra departmental activities like quiz competitions, poster presentations, popular talks from eminent personalities/ subject experts, workshops etc., organized to enhance e-curriculum aspects and inspired learning process.
7. More than 85% students have agreed that the education obtained at the institution is useful and relevant to the job.
8. Approximately 88% students agree that the curriculum is designed to ensure the overall development of the students.
9. More than 90% students agree that the courses offered are well structured and relevant to the given program.
10. About 82% students have agreed that the electives offered in relation to the technological advancement are well structured and up to date.
11. Nearly 85% students believe that the experiments in terms of relevance to real life applications is very good.

PRINCIPAL
ISLAMIAH WOMEN'S ARTS
AND SCIENCE COLLEGE
VANIYAMBADI.

12. Nearly 80% students are satisfied with the learning through educational tools like ICT, Field visits, Internships etc.
13. Almost 80% students believe that the curriculum frequently addresses the current industrial requirements.
14. More than 95% of the students have agreed that the curriculum provides adequate awareness on social, health, safety and cultural issues.

Suggestion:

It is suggested that the students should be further encouraged and programs within college should be conducted more frequently to provide a wider range of opportunities for students' development in extra-curricular activities.

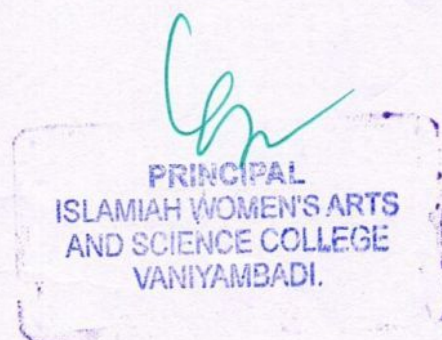

Conclusion:

From the above feedback taken from the students, it is inferred that students are satisfied by the effective delivery of curriculum in an innovative and creative manner. They have shown great interest in the conduct and participation of extra and co-curricular activities apart from certificate courses. The curriculum prescribed proved to be effective in enhancing their life skills and knowledge. The teachers act as a scaffold in thoroughly developing the personality of the students in every aspect.
